OBJECTIVE

Aspiring Computer Science professional with a passion for **AI, web development, and problem-solving**. Adaptable and collaborative within team environments, eager to take on technical challenges and contribute to innovative software projects.

EDUCATION

Ahsanullah University of Science and Technology B.Sc. in Computer Science and Engineering (3 rd Year, 2 nd Semester)	May 2023 – Present CGPA: 3.508 / 4.00
BAF Shaheen College, Dhaka Higher Secondary Certificate (HSC)	Jan 2019 – Dec 2021 GPA: 5.00 / 5.00

EXPERIENCE

Intern Software Engineer Softify BD Ltd.	Dec 2025 – Present
- Working on production-level software development tasks in a professional environment. - Collaborating with senior engineers on feature development, debugging, and code optimization. - Following industry-standard workflows, version control practices, and agile methodologies.	

TECHNICAL SKILLS

Programming: C, C++, JavaScript, SQL, PHP, Java, HTML, CSS
Frontend: React.js, Blade Template, Bootstrap, Tailwind CSS
Backend: Laravel, Node.js, Express.js
Databases: PostgreSQL, MySQL, MongoDB, Firebase, Supabase
Tools: Git, GitHub, GitHub Projects, Docker, Vercel, Render, VS Code, Visual Studio

PROJECTS

Bizz-Insight — AI-Powered Business Management Platform	Source Code 
- Developed a role-based business operations platform using Laravel, MySQL, and Tailwind CSS. - Integrated the Google Gemini API to implement an AI-powered chatbot for natural language data retrieval and automated actions.	
FindHome — Rental Housing Platform	Source Code 
Engineered a full-stack MERN rental housing platform connecting owners and renters.	
Combat Chronicles — The Ninja Odyssey (2D Game)	Source Code 
- Developed a 2D story-driven fighting game using C/C++ and iGraphics. - Implemented multi-level gameplay with increasing difficulty, enemy AI, collision detection, scoring, and life systems. - Designed interactive menus, sound controls, and keyboard-based player mechanics.	

ACHIEVEMENTS

- Champion:** SPOT N'GO (Line-Following Robotics Contest), Organized by Notre Dame Informatics & Technology Club, May 2024
- Champion:** Intra-AUST Quiz Competition, AUST CSE Society, Fall 2023
- Participant:** ICPC Preliminary Contest 2025 and Intra-AUST Hackathon 2025

COMPETITIVE PROGRAMMING

Problem Solving: Solved 400+ problems across Codeforces, AtCoder, and CodeChef,LeetCode.
